## Learning outcomes

- gain a deeper understanding of the issues faced by families from the point of diagnosis
- recognise when and how loss is experienced by families where there is a child or young person with complex health needs/disabilities
- identify how to support families anticipating and experiencing loss
- ability to manage challenging conversations
- explore and develop a self awareness of the challenges of the work and the importance of care of self
- gain information about Child Bereavement UK, other similar support organisations and resources available.

*Another fantastic course by Child Bereavement UK. Always very informative and I really benefit by everyone sharing their experiences from a wealth of backgrounds and experiences. Content of the course is fantastic and covers a wide amount of information.*
