training for  
professionals

## When a child dies - supporting parents and families

Explore the impact of the death of a child on a family and build your confidence and skills when communicating with and supporting grieving families.

**7 February 2019**

Southampton, £90

## Learning outcomes

- explore and develop self-awareness in relation to loss
- recognise physical and emotional reactions to loss
- identify the potential impact on a couple's relationship
- explore women's and men's behaviours in grief
- gain an understanding of how to enhance the care and support offered to all members of the grieving family, including siblings and grandparents
- relate theories of grief to practices in the workplace
- explore and experience ways to support ourselves and our colleagues
- gain information about Child Bereavement UK, other similar support organisations and resources available.

*I have more confidence in approaching bereaved families and opening conversations with them on their terms.*
